

CULTURAL PROJECT STATEMENT LIST

- 1 Prepare Historic Structure Report and Preservation Guide for Anacapa Historic District
- 2 Excavate Nidever Adobe
- 3 (Blank)
- 4 Survey Archeology of Santa Rosa Island
- 5 Survey Archeology of East Santa Cruz Island
- 6 Stabilize Threatened Sites
- 7 Historic Resources Study, Santa Rosa and Santa Cruz Islands
- 8 Testing of Threatened Sites
- 9 Conservation and Inventory of Historic Material, Santa Rosa Island and East Santa Cruz Island
- 10 (Blank)
- 11 Enter Cultural Resources Data into Park GIS; Update National Databases
- 12 Submerged Cultural Resources Survey, Park Waters
- 13 Prepare Ethnographic Overview
- 14 Excavation of Seal-Damaged Sites, Point Bennett, San Miguel Island
- 15 Prepare Historic Structure Reports of Park Historic Structures, SRI and ESCI
- 16 Search for San Miguel Island Wrecks
- 17 Study the Wreck Scatters of 3 Lumber Schooners
- 18 Test and Stabilize Daisy Cave
- 19 Cultural Landscape Study
- 20 (Blank)
- 21 Design and Implement and Cultural Resources Monitoring Program
- 22 Transfer Collections Data to CD-ROM
- 23 Administer Cultural Resources Management Program
- 24 Grazing History, Vail-Vickers Ranch
- 25 Study Chinese Camps on Park Islands
- 26 Historical and Archeological Analysis of Jane L. Stanford
- 27 Historical Study of Fishing in the Channel Islands
- 28 Prepare Park Administrative History
- 29 Erosion Control Measures, SCI 504 and 505
- 30 Restore, Maintain Historic Olive Orchard, ESCI
- 31 Historic Structure Reports, CHIS
- 32 Study and Repair Checkdams, ESCI
- 33 Rebury Native American Remains
- 34 Prepare Historic Preservation Guide and Historical Study of Anacapa Island Light
- 35 Revise Archeological Assessment
- 36 Protection Study, SMI 261
- 37 Repair Dry Wall Masonry Structures, ESCI
- 38 Flood Protection for Cultural Resources, ESCI
- 39 Study and Conserve Agricultural Equipment, ESCI
- 40 Implement Appropriate Preservation Treatments for Historic Resources
- 41 Nominate eligible properties to the National Register
- 42 Investigate Pleistocene and Early Holocene Localities for Paleontological and Archeological Resources
- 43 Catalog Park Collections
- 44 Curation of Park Collections
- 45 Address Fire Suppression and Security for Historic Buildings
- 46 Document Historic Resources
- 47 Provide Cultural Resources Training for Park Staff

ADDITIONAL

Intertidal Site Reconnaissance, Investigation and Documentation
Investigate and Document Reported Sightings of Submerged Cultural Resources
Excavate COMET for Exhibit
Design and Implement a Submerged Cultural Resources Video Monitoring Plan
Survey submerged prehistoric sites
Historical Investigation of Sea Otter Hunting

Santa Cruz Island Project Statements

SCI-1 Survey and Record Current Patterns of Human Activities and Use of Santa Cruz Island
SCI-2a Survey to Locate and Record at-Risk Archeological Sites on Santa Cruz Island
SCI-2b Survey to Locate and Record Rare or Unique Sites on Santa Cruz Island
SCI-2c Survey to Locate, Record and Map Ethnohistoric Chumash Village Sites on Santa Cruz Island
SCI-2d Survey to Locate and Record Sites with Exposed Human Burials
SCI-2f Survey Historic Archeology of Santa Cruz Island
SCI-3 Complete Historic Resources Survey for Santa Cruz Island
SCI-4 Complete Cultural Landscape Survey for Santa Cruz Island
SCI-5 Record Santa Cruz Island Oral Histories
SCI-6 Identify Artifacts, Objects, Collections and Archival Material Associated with Santa Cruz Island
SCI-7 Prepare GIS Data on All Cultural Resources
SCI-8 Amend Existing National Register Archeological District Nomination
SCI-9 Prepare National Register Nominations for Eligible Properties on Santa Cruz Island
SCI-10 Evaluate the Condition and Significance of Artifacts, Objects, Collections, and Archival Materials Related to Santa Cruz Island
SCI-11 Undertake Historic American Buildings Survey Documentation of Historic Buildings and Structures on Santa Cruz Island
SCI-12 Stabilize and Recover Data from Eroding and Damaged Archeological Sites Determined to be Significant
SCI-13 Establish Treatment Protocol for Human Remains
SCI-14 Conserve Rock Art on Santa Cruz Island
SCI-15 Stabilize and Recover Data and Artifacts from Threatened Submerged and Intertidal Sites
SCI-16 Implement Appropriate Measures to Protect Archeological Sites from Human Impact
SCI-17 Implement Appropriate Preservation Treatment for Historic Ranch Buildings, Structures and Landscape Features on Santa Cruz Island
SCI-18 Ensure Proper Curation of Park Collections According to Federal Standards
SCI-19 Develop and Implement a Protocol to Integrate Review of Projects and Activities of all Santa Cruz Island Users to Insure Appropriate Treatment of Cultural Resources
SCI-20 Develop and Implement a Plan to Use Historic Buildings and Collections on Santa Cruz Island that will Enhance Their Preservation and Interpretation
SCI-21 Prepare Condition Assessments and Historic Structure Reports for Historic Buildings and Structures on Santa Cruz Island
SCI-22 Manage and Maintain Historic Gardens, Groves and Plant Materials
SCI-23 Monitor and Document the Condition of Archeological and Submerged Sites and Resources

SCI-24 Carry out Routine and Cyclic Maintenance for Historic Buildings and Structures on Santa Cruz Island

SCI-25 Develop Alternatives for Interpreting the History of Ranching on Santa Cruz Island

SCI-26 Provide Appropriate Cultural Resources Training for all Santa Cruz Island Staff and Trip Leaders

SCI-27 Develop Interpretive Programs about Santa Cruz Island's History and Prehistory
